## How are NY Vets doing?

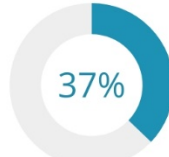

### #2 - One week later

Here are the results of our survey that show the measures veterinarians are taking across NY State to stay safe, with comparisons to the same survey from last week. [See full size infographic](#)

# How is Covid-19 affecting NYS Veterinarians?

## Stronger, Safer, Together

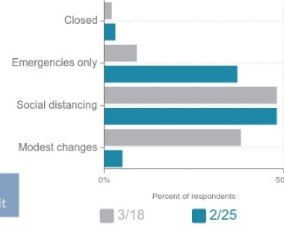

Update: March 25th

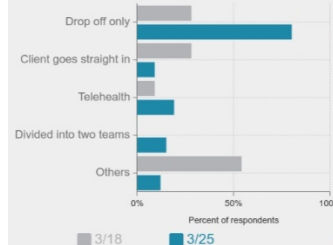

**Emergencies only**

Many shifted to emergencies and turning away anything that can wait

### How are animal hospitals operating?

### Social distancing measures

Over past week:

Big move to curb-side

Increase in use of telehealth

Many hospitals dividing staff into two teams

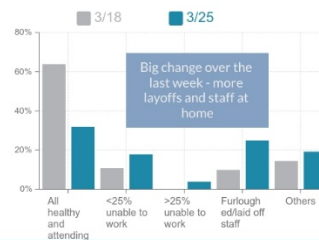

"Business is down"

"75% of staff laid-off"

"Some employees took option to wfh"

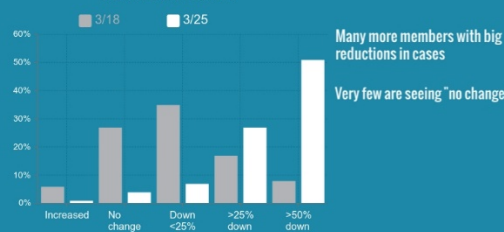

"Some have declined to work due to Covid19 fears"

### Are staff at work?

Big change over the last week - more layoffs and staff at home

### How's Business?

Many more members with big reductions in cases

Very few are seeing "no change"

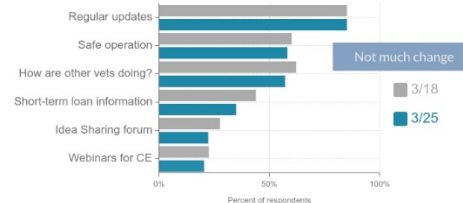

Decline in Credit Card volume since last week
